### **Midwest Manufactured Housing Federation Returns to Louisville**

**LOUISVILLE, KY (January 11, 2013)** – Rows of houses will line the North Wing and East Hall of the Kentucky Exposition Center Jan. 23-25 when the Midwest Manufactured Housing Federation hosts the annual Louisville show. The show will feature 38 new manufactured homes, the most shown anywhere indoors in North America. The Midwest Manufactured Housing Federation Show is one of the longest running shows at the Kentucky Exposition Center. Over 3,000 people are expected to attend this year and will bring around \$300,000 of economic impact to Louisville.

Manufactured and modular home retailers, community operators and installers can tour the latest and greatest in manufactured homes, meet with vendors and attend seminars. This show is for industry professionals only and closed to the public.

“Reviewing the homes is really the highlight of the show. These are completed homes, completely decorated and landscaped,” said Dennis Hill show manager.

Last year the seminars and workshops drew standing room only crowds teaching about. The 2013 show will feature seminars on loans and financing, broker’s and buyers, question and answers with experts and more.
